

10 EAST

INVESTMENT PROFESSIONAL

10 East is hiring seasoned investment professionals to join a well-capitalized team led and founded by Michael Leffell, former Deputy Executive Managing Member of Davidson Kempner Capital Management, focused on reinventing how individuals access alternative investment opportunities. Successful candidates are dynamic, multi-talented, and thoughtful investors who will oversee transactions from sourcing to execution. Investment professionals will be sector specialists and industry leaders focused within Private Equity, Venture Capital, Real Estate, or Private Credit. 10 East's thesis-driven, long-term oriented investment approach seeks to capitalize on market dislocations and arbitrage opportunities. As such, within their respective sector, successful candidates possess strong experience with equity, debt, and complex capital structure instruments. We are seeking passionate and intellectually honest investors who are aligned with the firm's philosophy and culture of collaboration, mutual respect, and aligned interests.

- End-to-end investment capabilities – sourcing, due diligence, negotiation and execution
- Ability to recruit additional team members to expand our team

- Strong written and verbal communication skills

10 East is seeking to build a team of talented professionals and will consider candidates with significantly more expertise than the minimum experience required. We are a remote-first, flexible work company offering competitive compensation relative to the successful candidate's experience and qualifications. We also offer a full benefits package, inclusive of medical, dental, and vision benefits.
